MEMORANDUM OF UNDERSTANDING BETWEEN
GREAT LAKES E-LEARNING SERVICES PVT. LTD
AND
Government College Chamba

THIS MEMORANDUM OF UNDERSTANDING (the "Agreement") is made this **08th** day of **October**, 2020 by and between **GREAT LAKES E-LEARNING SERVICES PVT. LTD**, a company incorporated in India and having its corporate office at 2nd Floor, Orchid Centre, Sec-53, Golf course road, Gurgaon, India 122002 (hereafter referred to as "GREAT LEARNING") and **Government College Chamba**, an educational institute set up in India and having its registered office at **Sultanpur, Chamba, Himachal Pradesh** (hereinafter referred to as "INSTITUTE").

PURPOSE

That Great Learning intends to assist universities and colleges deliver high quality and impactful online and blended learning by the use of its proprietary end to end cloud based solution, Olympus Digital Campus (hereinafter "Platform") and create a seamless student, faculty and Administration (hereinafter "User") experience that ensures excellent learning outcomes.

That the Institute intends to utilise this Platform for setting up its online and blended learning operations for students and faculty.

NOW, THEREFORE, In consideration of the premises and of the mutual covenants and conditions set forth in this Agreement, Great Learning and Institute (individually, the "Party" and collectively, the "Parties") agree as follows:

I. OBLIGATIONS:

A. Great Learning will

- Provide role based access to the Platform based on the Institute's requirements and the subscribed version
- Provide the required assistance to the Institute in setting up its operations on the Platform
- Conduct trainings for the Users for on-boarding them on the Platform
- Provide the required support in the day to day operations on the Platform

B. Institute will:

- Provide the necessary details as requested by Great Learning for on-boarding the Users on the Platform
- Ensure that the Platform is used only for the purpose stipulated above
- Grant Great Learning a non-exclusive, non-transferable, and non-sublicenable license to use the Institute's trademarks solely in connection with marketing, promotion and sale of its Platform.

II. TERM AND TERMINATION

This Agreement will be effective on the day of its signing by both Parties. It will be valid for a period of **12** complimentary + 12 months. The parties may change or modify the Term of this Agreement only by written amendment signed by the parties.

This Agreement may be terminated with or without cause by providing written notice to the other party atleast thirty (30) days prior to the effective date of termination

III. CONFIDENTIALITY AND INTELLECTUAL PROPERTY

The Parties shall abide by the Privacy Policy and Terms of use specified on the Great Learning website and the Platform, which may be amended from time to time.

The Parties agree that it shall not acquire any ownership interest in any patents, trademarks, copyrights, domain names, works of authorship, trade secrets, or any other intellectual property (collectively, "Intellectual Property") or confidential information owned by or licensed to the other Party under this Agreement.

IV. INDEMNIFICATION

Each Party hereby agrees to indemnify and hold harmless the other Party against any and all liability, claims, suits, losses, costs and legal fees to the extent caused by, arising out of, or resulting from any fraud, wilful misconduct, misrepresentation, infringement or misappropriation of Intellectual Property rights, breach of confidentiality and/or negligent act or omission of the Party in the performance and/or failure to perform under this agreement, including the negligent acts or omission of the Party or any direct or indirect employees or Users of the Party.

V. ASSIGNABILITY

The respective rights and obligations of the Parties under this Agreement shall not be assignable.

VI. MODIFICATION

This Agreement constitutes the entire understanding of the Parties with respect to the Relationship and may be modified only by a written agreement signed by each Party.

VII. GOVERNING LAW

This Agreement shall be governed and construed in accordance with the laws of India and the Courts at New Delhi will have sole and exclusive Jurisdiction.

The undersigned have signed this Agreement on the dates respectively indicated below.

PROPOSAL

Olympus Digital Campus

By

greatlearning

Prepared For

Government college Chamba

Table of Contents

1. EXECUTIVE SUMMARY
2. ABOUT OLYMPUS DIGITAL CAMPUS
3. OLYMPUS PRODUCT FEATURES
 - 3.1. Smart Time Table
 - 3.2. Live Sessions
 - 3.3. Automatic Attendance
 - 3.4. Proctored Examination
 - 3.5. Unproctored Examination
 - 3.6. Student Feedback
 - 3.7. Student Engagement Analytics
 - 3.8. Integrated LMS
 - 3.9. Training on Online Teaching
 - 3.10. Admin & Operation Support
 - 3.11. Security & Infrastructure
4. ABOUT GREAT LEARNING
5. PRICING PLANS

1. EXECUTIVE SUMMARY

The proposal outlines how **Olympus Digital Campus** helps universities and colleges **deliver high quality and impactful online and blended learning**. It also highlights how the platform ensures a seamless student and faculty experience and ensures excellent learning outcomes.

In the Post COVID-19 world a significant amount of learning will be delivered online and to be able to deliver campus-like consistent, high quality and personalized learning online to students, universities & colleges require a learning platform which is **secure, easy to set up, deliver live lectures, create lecture videos, share content, conduct proctored examinations, engage with students, record, monitor & analyse students' progress and performance**.

As the current crisis deepens, a stop gap measure of using a mashup of products to cater to various needs will no longer be sufficient. It will have to be replaced by one solution which is well integrated, easy to navigate and intuitive. Universities & colleges will have to set up a **comprehensive online learning system** which they can use to **set up their own, fully functional, beautifully designed and secure** online and blended learning operations, thereby delivering high quality learning to students.

Olympus Digital campus will help colleges proactively address student concerns arising out of physical campus being shut. Providing a rich online student experience will **help colleges and schools improve student admissions during a difficult season**.

2. ABOUT OLYMPUS DIGITAL CAMPUS

Olympus Digital Campus is an end to end cloud based solution by Great Learning. It is a seamless and well integrated solution which helps colleges **Conduct Online classes and Proctored Exams, Create Lecture Videos, Track Attendance, get Student Analytics and also provides an Integrated LMS.** It caters to the needs of students, faculty members and administrators. Indigenously built in India, over the past 7 years to deliver and support online and blended learning, the Olympus Digital Campus has supported over **30 million hours** of learning to over **300,000 students.**

Universities & colleges can use the Olympus Digital Campus to set up their own, fully functional, beautifully designed and secure online and blended learning operations. Using this, all aspects of the delivery and management of universities & colleges programs are supported for students, faculty and administrators. It enables colleges to offer an online learning experience to their students that they will enjoy, appreciate and effectively engage with on both **desktop and mobile.**

Moreover, the Olympus Digital Campus solution includes additional value added services, freeing up the bandwidth of IT and Admin resources. We also help universities & colleges adopt global best practices in delivering high quality learning online including content creation, launching courses, delivering live lectures and engaging remote students.

3. OLYMPUS PRODUCT FEATURES

3.1. Smart Time Table

This feature will help the college plan the entire academic year, plan and publish time-tables for online and classroom sessions in addition to assessments and proctored exams. Once scheduled, unique online session links will be created for faculty and students to join these sessions and made available on the faculty and student dashboard. Faculty and students can join with a single click and once the sessions are completed, faculty feedback will be captured and made available. In addition session recordings will be made available to students in their dashboard. There is no need to *manually* create live session links, avoid online room conflict, share links, share recordings etc. This saves significant time, effort and avoids errors. GPS enabled attendance tracking is also possible.

3.2. Live Sessions

This feature allows faculty to conduct live classes (with options for polling and break out rooms) for upto 1000 participants or even 1 participant based on the Time Time table. Prior to the session, automated email with Session Link is sent to all students and faculty conducting the session. These are password protected and external users cannot join. Any number sessions can be scheduled for a day and students are uniquely tagged so as to automatically capture attendance and marks can be allocated.

Colleges do not need to get any license for any other software for live conferencing and Olympus Digital Campus is scalable to conduct as many live classes as needed.

3.3. Automatic Attendance

This feature will provide you with the student attendance data for online and offline classes. Attendance is automatically captured, with student wise and session wise reports available in the dashboard for faculty and administrators (across all faculties based on access rights).

3.4. Proctored Examinations

This feature allows for the scheduling and planning proctored examination on a desired date. Automated email with a unique Exam Link is sent for every candidate. Students have to attempt the exam in an environment where they are not allowed to move tabs or switch screens or copy and paste (preventing cheating and plagiarizing). In addition, the system captures the Video and Audio of learners while taking the exam. which can be viewed while the student is taking the

exam or later for identity verification. Exams can be auto evaluated.

3.5. Non Proctored Examinations

This feature will help the faculty and TA's to plan and schedule assessments (MCQs and Subjective Type) on the assessment planner. Assessments can be scheduled in advance to be released in the future. Automated emails sent to students once assessments are published. Assessment can be individual or group. Space is provided for collaboration among peers.

3.6. Student Feedback

This feature will provide feedback for faculty and content. Feedback will be automatically collected after every session and can be configured to be triggered at appropriate semester intervals. Feedback questions can be customized and detailed qualitative and quantitative information will be available in beautiful and easy to read infographics within the faculty and admin dashboards. This can be downloaded for further analysis.

3.7. Student Engagement Analytics

This feature will allow you to track in detail every student's engagement and interaction with the entire online and remote learning experience.

- **Learner Engagement**
 - Online session attendance
 - Each video watched in minutes
 - Total count of videos watched
 - Learning material accessed course-wise
 - Total assessment submissions
 - Recent online session missed
 - Low feedback rating
 - Recent assessment missed
 - Overall attendance
 - Individual discussions with students can be tracked date wise and stored

- **Grades & Marks**
 - This feature will allow you to track the grades and marks for each student and for all courses
 - Grades are automatically populated tallying from all courses in the system
 - Grades automatically include attendance marks
 - Gradebook analytics predicts students 'At risk' (Likely to fail) and 'On Track'

(Likely to Pass)

- Integrated with predictive analytics to indicate student pass status as 'Completed' or 'Incomplete'
- Statistics present at course and program level
- Gradebook view present for entire class, as well as an individual student
- Gradebook Summary statistics depicts class maximum, median to every individual student's grades

3.8. Integrated LMS

- Create and design courses and course modules
- Create and add different types of assessments
- Create and add different quiz types (MCQ, Essay type, True/False, Multiple Choice Answer)
- Create subjective assignments with grading rubric
- Grade assignments and provide feedback
- Upload all types of files (pdf,ppt,doc,excel,csv)
- Read different types of files
- Create Micro groups for peer to peer engagement
- Create discussion boards for interaction

3.9. Training on Online Teaching

Faculty members will be trained on how to teach online effectively. This will be done through a combination of self served videos and personalized training. The program team will support faculty members for any queries or concerns during the course delivery.

3.10. Admin & Operations Support

Administrators will have the ability and control to manage the backend operations such as setting up and managing courses and programs, onboarding faculties, adding students, creating and allocating roles, etc. The Great Learning program team will train the administrators and faculties to use the platform and will be available to provide support and guidance.

➤ **Manage Programs / Manage Batches:**

This feature will allow you to create your program batch templates. This is used when you have to create a program batch for a particular batch of students

- Create and manage multiple programs

- Create course templates within each program batch
- Launch courses within each program batch
- Appoint authority heads for each program batch
- Customise your certification partner for digital certificates

➤ **Manage Students and Faculty**

- Ability to enrol students by using mass actions
- Manage student access across courses and programs
- Onboard Faculty into multiple courses and programs
- Independent student and faculty dashboard

3.11. Security & Infrastructure

➤ **Data Security**

- Data hosted in secure SSAE 16 / SOC1 certified data centers
- Access restrictions on our servers to protect information
- Firewalls implemented to prevent unauthorized access
- Amazon Web Services (RDS & S3) for managing data
- Regular snapshots of database taken and moved securely to separate datacenter for backup in case of regional Amazon failure

➤ **System Security**

- All servers that run in production are recent, continuously patched Linux systems. Additional hosted services that we utilize, such as Amazon Cloud Storage, are comprehensively hardened infrastructure-as-a-service (IaaS) platforms.
- Web servers use the strongest grade of HTTPS security (TLS 1.2) so that requests are protected from eavesdroppers and man-in-the-middle attacks.
- Our SSL certificates are 2048 bit RSA, signed with SHA256.

➤ **Data Transfer**

- All data sent or received is encrypted in transit using 128-bit encryption.
- API and application endpoints are TLS/SSL only.
- Strong cipher suites with features such as Perfect Forward Secrecy enabled etc.
- Unit, integration, and regression test cases in place to ensure that privacy controls work as expected.
- All tests are run every time changes are made on the platform.

➤ Confidentiality

- Strict controls over our employees' access to your data
- Customer data is protected internally and not seen by anyone without access to it.
- Policies for employees to protect customer data privacy.

➤ Infrastructure

- All services run in the cloud.
- Services and data are hosted on Amazon Web Services (AWS) facilities in the USA.
- All servers are within the virtual private cloud (VPC) with network access control lists (ACL's) that block unauthorized requests.
- Multiple VPC's for different environments to ensure data integrity.
- Snapshots of data at frequent intervals taken as an automatic backup strategy.
- Daily backup of databases to ensure no loss of data.
- RDS encryption to encrypt instances and snapshots at rest. (Using the industry standard AES-256 data encryption algorithm to encrypt data on the server)
- Data consumption in 1 hour
 - Generally, in these sessions only the video of the speaker is ON and the screen sharing is happening. This may consume up to 450-500MB/hr
 - In a 1:1 high quality video session, it may also consume data up to 450-500MB/hr

➤ Software Application

- Cloud based application for the desktop, no separate installation required
- Preferred browsers: Google Chrome, Mozilla Firefox
- Free Mobile App available for Android and iOS phones

**Memorandum of Understanding
as Collaborators**

between

The Grassroots Institute (Canada)

and

Department of Sociology, Government College Chamba (India)

To build the capacities of researchers, students, practitioners and scholars, The Grassroots Institute has conceptualized, evolved and developed a **"Summer Field School [Online] on Mountain Ecosystems and Resource Management"** proposed to be organized from **19 to 28 September 2021** in **Ukraine's Carpathian Mountains**. This program will be conducted for international participants in the English language covering the contemporary current topics on the following broad areas: (1) Mountain Ecosystems; (2) Freshwater Ecosystems; (3) Forest Ecology; (4) Grassland Ecosystems; (5) Biodiversity Conservation; (6) Wildlife Management; (7) Ecotourism; (8) Park-People Interface; (9) Participatory Resource Management; (10) Watershed Management; (11) Sustainable Agriculture & Organic Farming; (12) Agro-Biodiversity; (13) Transhumance & Pastoralism; (14) Livestock Production; (15) Mountain Livelihoods; (16) Mountain-based Conventions; (17) SDGs & Mountains; (18) Contemporary Issues in Mountain Sustainability. Tentatively, a session plan is prepared along with the proposed names of Faculties and tentative topics under each broader subject is available on website www.grassrootsglobal.net/mer2020.

In order to organize and conduct the above described Summer Field School (hereinafter called as "program"), the partners will dispose of the following functions and responsibilities:

The Grassroots Institute will:

1. design, develop and coordinate the program's technical aspects as well as its execution;
2. prepare a curriculum, coordinate lessons preparation, evolve methodologies, and perform other necessary technical preparations;
3. invite, fix and coordinate with potential lecturers and faculty members;
4. invite and develop varied types of partnership with institutions and organizations across the world;
5. identify, fix and coordinate with one organizing (logistic) partner for planned logistic arrangements, and avail the necessary funds to that particular partner for making all arrangements;
6. prepare, communicate and coordinate the program management advice to the organizing (logistic) partner;
7. develop the contents of announcements and publicity materials, and release the announcements and publicity material for worldwide advertising of the program;
8. develop the content of and announce on a separate website (already in place at the URL www.grassrootsglobal.net/mer2020);

9. coordinate, receive and handle the queries, applications and fees from the potential applicants;
10. with the help of all organizing partners, constitute an Organizing Committee (one member from each organizer organization/institution) having role of supervising the program;
11. contact, network and liaise with various potential sponsors, donors and supporters to raise financial resources through different means for subsisting the program costs and financing the scholarships;
12. develop, issue and delegate the content for media visibility over the pre-program, during the program and post-program phases;
13. deliver various other functions, not listed above, aimed at making the program successful with active participation and contribution of variety of partner institutions.

The Collaborating Partner [Department of Sociology, Government College Chamba]
will:

1. identify, nominate and provide the name of one senior person who will supervise, coordinate and manage the activities designated under Collaboration in the program;
2. nominate an expert or specialist (optional) to conduct a technical session, if willing to do so;
3. take part (through email conversations) in improving the course contents, helping prepare lessons, helping improve methodologies, and strengthening the technical parts of the program;
4. help develop the contents of announcements and publicity materials, and help undertake publicity of the program worldwide by using own website, email communications, newsletter or news, advertisement in your journals or bulletins, information to your partners or collaborators, messaging in email databases, and so on;
5. suggest and advise the content of the designated website for this program;
6. suggest and recommend potential sponsors, donors and supporters to raise financial resources to sponsor the scholarships.

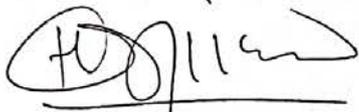

The benefits of participating as Collaborator will be gained many folds. The Grassroots Institute will be liable for financial implications concerning this program. Among the **tangible and intangible benefits to the Collaborating Partner**, there are some as follows:

1. Visibility and publicity of the institution/organization worldwide, as massive advertising, publicity, emailing, web posting, social media posting, and publishing will be done across the world in order to mobilize the potential participants for this program;
2. Potential students from different countries will come to know the Collaborator and may seek admission in an academic program of their choice;
3. Large numbers of world's universities, institutions, government organizations, donor agencies, UN agencies, corporations, NGOs, web portals, CSR organizations, individuals, scholars, researchers and students will get to know the Collaborator, and some of them may contact in near future for one purpose or the other;
4. The Collaborators may develop new relations and linkages with variety of institutions and organizations world over, while identifying and suggesting potential sponsors and supporters of scholarships for this program;

5. Academic, research, teaching or training partnership will strengthen between The Grassroots Institute and the Collaborator and between the Collaborator and other partners of this initiative;
6. Exchange and cooperation may be pursued in future between various partners and collaborators related to joint research funding, conference or colloquium;
7. There may be many other unseen and unconceived benefits that the Collaborator will have in the near future.

This MOU shall be in force from the date of the last signing till the end of 2022 and is subject to revision or modification by mutual agreement. It is also understood that this MOU may serve as the basis for specific agreements to be developed at a later date. It is further understood that this MOU is not legally-binding and either of the two institutions may terminate the MOU at any time, although such action will only be taken after mutual consultation in order to avoid any possible inconvenience to either party.

This MOU is effective when the representatives from each institution have affixed their signatures to it.

Memorandum of Understanding
on Academic Cooperation
between
Department of Sociology, Govt. College Chamba, Himachal Pradesh, India
and
Agrawal Kanya Mahavidyalaya, Jaipur Rd., Idgah Mod, Gangapur City 322201 Dist. Sawai
Madhopur, Rajasthan, India

The Parties;

Department of Sociology, Govt. College Chamba, Himachal Pradesh, India, (hereinafter "GCC"); and Agrawal Kanya Mahavidyalaya, Jaipur Rd., Idgah Mod, Gangapur City 322201 Dist. Sawai Madhopur, Rajasthan, India, (hereinafter "AKM") recognizing the benefits to their respective college/ department/ NGO from the establishment of collaborative links, conclude this Memorandum of Understanding (hereinafter: "MoU") as follows:

1. The purpose of this MoU is to develop academic and educational cooperation at grass root level along with action research, and to promote mutual understanding between the two Parties.
2. Each Party agrees to develop the following collaborative activities in the academic areas of mutual interest, on a basis of equality and reciprocity:
 - 2.1 Exchange of academic and administrative staff
 - 2.2 Exchange of students and/or volunteers
 - 2.3 Conducting collaborative research projects
 - 2.4 Conducting lectures and organizing refresher courses/ FDPs/ trainings/ workshops/ webinars/ symposia (On-line and off line) in concerned subject fields
 - 2.5 Exchange of academic information and materials
 - 2.6 Developing and executing the short-term certificate courses on skill development of student/ staff/ common mass of adopted target sites
 - 2.7 Promoting collaboration in fields of mutual interest
 - 2.8 Promoting other academic cooperation as mutually agreed
3. The development and implementation of specific activities based on this MoU will be separately negotiated and agreed between the college/departments which carry out the specific projects and will be subject to a separate written agreement. Each Party agrees to carry out these activities in accordance with the laws and regulations of the respective countries/state after full consultation and approval.
4. It is understood that the implementation of any of the types of co-operation stated in Clause 2 shall depend upon the availability of resources and financial support of the Parties concerned.
5. Both Parties agree that prior written approval is required before using the other Party's name, logo, or other Intellectual Property rights in any advertising or associated publicity.
6. Should the collaborative research activities under this MoU result in any potential for intellectual property, each Party shall seek an equitable and fair agreement as to ownership and other property interests that may arise.
7. This MoU may only be amended or modified by a written agreement signed by the representatives of each Party.

Government College Chamba, Himachal Pradesh
and
Agrawal Kanya Mahavidyalaya, Gangapur City, Rajasthan

8. This MoU is valid for a period of five years from the date of signing by the authorized signatories of each Party. Each Party shall review the status of the MoU at least three months before the end of the five-year period to determine whether it wishes the MoU to continue and, if so, any modifications that might be necessary. The period of validity of this MoU may only be extended by the mutual written consent of both Parties.
9. This MoU may, at any time during its period of validity, be terminated by one of the Parties upon prior notice to the other in writing not later than six months before the termination date.
10. The Parties may disclose certain confidential information to the other in relation to any future proposal made under this MoU. Each Party therefore agrees that the contents of this MoU and the negotiations in relation to any future proposal remain strictly confidential and each Party hereby undertakes not to disclose the same to any third Party, save for its professional advisers, without the prior written consent of the other Party except where such disclosure is required by law (including, without limitation, under applicable freedom of information legislation).

Department of Bio-sciences (Zoology & Botany), Govt. College Chamba, Himachal Pradesh, India, (hereinafter "GCC"); and International Consortium for Nature Conservation, C/o Rajputana's Shakuntalam, Village Ramnagar, P.O. Malah, Bharatpur 321001 Rajasthan, India, (hereinafter "ICNC") recognizing the benefits to their respective college/ department/ NGO from the establishment of collaborative links, conclude this Memorandum of Understanding (hereinafter: "MoU") as follows:

1. The purpose of this MoU is to develop academic and educational cooperation at grass root level along with action research, and to promote mutual understanding between the two Parties.
2. Each Party agrees to develop the following collaborative activities in the academic areas of mutual interest, on a basis of equality and reciprocity:
 - 2.1 Exchange of academic and administrative staff
 - 2.2 Exchange of students and/or volunteers
 - 2.3 Conducting collaborative research projects
 - 2.4 Conducting lectures and organizing refresher courses/ FDPs/ trainings/ workshops/ webinars/ symposia (On-line and off line) in concerned subject fields
 - 2.5 Exchange of academic information and materials
 - 2.6 Developing and executing the short-term certificate courses on skill development of student/ staff/ common mass of adopted target sites
 - 2.7 Promoting collaboration in fields of mutual interest
 - 2.8 Promoting other academic cooperation as mutually agreed
3. The development and implementation of specific activities based on this MoU will be separately negotiated and agreed between the college/departments which carry out the specific projects and will be subject to a separate written agreement. Each Party agrees to carry out these activities in accordance with the laws and regulations of the respective countries/state after full consultation and approval.
4. It is understood that the implementation of any of the types of co-operation stated in Clause 2 shall depend upon the availability of resources and financial support of the Parties concerned.
5. Both Parties agree that prior written approval is required before using the other Party's name, logo, or other Intellectual Property rights in any advertising or associated publicity.
6. Should the collaborative research activities under this MoU result in any potential for intellectual property, each Party shall seek an equitable and fair agreement as to ownership and other property interests that may arise.
7. This MoU may only be amended or modified by a written agreement signed by the representatives of each Party.

Government College Chamba, Himachal Pradesh
International Consortium for Nature Conservation (ICNC)

8. This MoU is valid for a period of five years from the date of signing by the authorized signatories of each Party. Each Party shall review the status of the MoU at least three months before the end of the five-year period to determine whether it wishes the MoU to continue and, if so, any modifications that might be necessary. The period of validity of this MoU may only be extended by the mutual written consent of both Parties.
9. This MoU may, at any time during its period of validity, be terminated by one of the Parties upon prior notice to the other in writing not later than six months before the termination date.
10. The Parties may disclose certain confidential information to the other in relation to any future proposal made under this MoU. Each Party therefore agrees that the contents of this MoU and the negotiations in relation to any future proposal remain strictly confidential and each Party hereby undertakes not to disclose the same to any third Party, save for its professional advisers, without the prior written consent of the other Party except where such disclosure is required by law (including, without limitation, under applicable freedom of information legislation).

MOU FOR VIDYA VISTAR SCHEME

Memorandum of Understanding under the Vidya Vistar Scheme

Among

The University of Delhi,

Hansraj College of the University of Delhi

And

Government Degree College, Chamba

This Tripartite Memorandum of Understanding (MOU) is entered under the Vidya Vistar Scheme (hereinafter referred to as V2Scheme), an initiative of the University of Delhi to establish academic linkages between its Colleges and Departments with the corresponding Institute in remote areas of the country.

Among

The University of Delhi a University enacted under the Act of Parliament (*Act No VIII of 1922*), having its office at Vice Regal Lodge, North Campus, Delhi-110007, and represented by its REGISTRAR, of the **First Party**

and

Government Degree College, Chamba, having its registered office at Sultanpur, District Chamba, Himachal Pradesh 176310, represented by its Principal, of the **Third Party**.

The Second and Third parties shall be jointly referred to as 'Partner institutes' and all the three parties shall be jointly referred to as 'Parties'.

Recognizing the India's dream to be a global superpower in the coming decades depends primarily on enhancing the skills of its human resources to meet global demands and increasing innovations and start-ups to fuel the economy. The roles that the universities, colleges, and other educational institutions have to play is crucial in this context.

Realising that alone, each Party will require investment of considerable amount of its resources for the developmental activities. However, being a developing country, it would be in the best interest to maximise the utilization of existing resources available with the Universities/ academic institutions by sharing the same, through academic collaboration and cooperation amongst them, for augmenting the human resources.

Therefore, the Parties witnesseth as under, which defines the framework for the cooperation of the Partner institutes in the following sections -

1. The Parties are agreeing to partner under V2Scheme for the purpose of enhancing the mutual growth and development of each other.
2. The academic bonding is based on the principle of mutual respect, cooperation and sharing between the two parties as equal partners.
3. The Second Party shall extend its academic resources and facilities available for the V2Scheme to the Third Party with an aim to be catalyst for the faster growth of the latter. The Third Party shall share its academic resources with the Second Party to the extent possible, on a collaborative basis in the fields of academics, education and research.

4.1. Organize online/ offline lectures, workshops, trainings, meetings and other such programmes aimed at capacity building of the faculty members of both the Partner institutes.

4.2. The teachers and researchers of the both the Partner institutes may be engaged in Joint research activities and be co-investigators in the research programmes submitted to funding agencies.

4.3. Joint research publication by teachers/ researchers of the Partner institutes shall be encouraged.

4.4. Library resources may be shared for providing support in capacity building of the faculty and for improvement of their teaching and research skills.

4.5. To forge mutually beneficial linkages with its partners through various platforms so as to initiate and assist innovation activities and boost start-ups.

4.6. To cultivate the feeling of brotherhood among youths of the two institutes through sports and extracurricular activities.

5. Intellectual Property Rights:

Ownership of any intellectual property (including but not limited to confidential information, know-how, patents, copyrights, design rights, rights relating to computer software, and any other industrial or intellectual property rights) developed jointly during the course of this MOU shall be vested in Partner institutes to this MoU. The Partner institutes shall have the joint right to determine the commercial exploitation and disposition of such intellectual property, and Partner Institutes shall make joint applications for the registration of the same. Before any registration or commercialization of any intellectual property takes place, the Partner institutes agree to reach a separate agreement covering issues such as exploitation rights and revenue sharing. Any publication regarding such intellectual property shall only be possible with the prior written consent of Partner institutes, such consent not to be unreasonably withheld. University of Delhi shall be free to use nematically the results

6. The University of Delhi shall facilitate in the process of establishing partnership under this Scheme. It shall oversee the general implementation of the V2Scheme.
7. The Second Party shall submit a report to the University of Delhi within fourteen days of completion of any activity taken up under V2Scheme.
8. The MoU will come into force from the date of putting the last signature on this MoU.
9. The MoU shall be for a duration of two years
10. The Parties may renew the MoU for a further period of the same duration with mutual consent of the Parties. The process for renewal may be initiated three months prior to the expiry of the term of the MoU by any of the two Partner institutes.
11. The MoU may be terminated prior to the completion of the term by any Party to the MoU by giving one-month prior written notice to the other two Parties. Once terminated, neither parties will be responsible for any losses, financial or otherwise, which the other institute may suffer.
12. However, any ongoing project, course, joint research, or publication which have been initiated by the Partner institutes prior to the date of termination shall be continued as if no termination has taken place.
13. The MoU is intended to be an expression of general understanding and intention of the Parties. The Parties shall make earnest effort to carry out the tasks undertaken in this MoU. However, it shall not be an agreement enforceable in a court of law. Nothing in this Memorandum shall be construed as creating any legal relationship between the institutes. This Memorandum is a statement of intent to foster genuine and mutually beneficial collaboration.
14. Any disagreement/ differences/ dispute between the Partner institutes shall be resolved through mutual discussion between them. In case any dispute remains

15. In case of any force majeure, such as flood, earthquake, epidemic, etc. the Partner institutes shall be excused from performing obligations which are directly impacted by any act of force majeure.
16. This MoU constitutes the complete agreement between the Parties with respect to the collaboration under V2Scheme. The terms of this MoU may be amended by mutual consent of the Parties in writing. Participating faculties, staff and students involved in any activities under this Memorandum must adhere to the laws of the country and Rules and Regulations of the institutions.
17. This MoU shall be executed in triplicate with each Party keeping an original.

IN WITNESS WHEREOF the Parties hereto, through their duly authorized representatives, have signed and executed this Memorandum of Understanding on the day, month and year mentioned herein.

VIDYA VISTAR SCHEME PROPOSAL

The role of education and skill development in equipping a population to achieve rapid growth and development is indisputable. Given the paucity of resources, especially for a developing country like India there is a strong argument for sharing of academic resources and cooperation among academic institutions. It is in this vein that the University of Delhi has proposed the Vidya Vistar Scheme. The Vidya Vistar Scheme is based on the principle of mutual respect, cooperation and sharing between two colleges as equal partners. The primary objectives of the scheme are to promote a sharing of expertise, knowledge and experience of faculty members, library resources and other academic facilities.

ABOUT HANSRAJ COLLEGE

Hansraj - one of the largest constituent colleges of the University of Delhi - a premier institution, with highly qualified academicians imparting education in different fields, the College today enjoys a reputation for outstanding performance in academics, sports and extracurricular activities. Rated among top ten Colleges of the country in Science, Commerce & Arts, Hansraj College ensures complete development of the body, mind and the soul of its students while imparting traditional Indian values to its students. The College was founded by the D.A.V. College Managing Committee on July 26, 1948 in the sacred memory of Mahatma Hansraj, a pioneer in the field of education. It is today one of the leading lights in the D.A.V. family of over 700 institutions and one of the largest constituent Colleges of Delhi University. More than 5000 students on its rolls interact here with a galaxy of scholars comprising its faculty. In the 73 years of its existence it has made a significant and unparalleled contribution to society in terms of producing numerous dignitaries, scholars, intellectuals and sports persons who served different domains not only at the national level but also internationally. For the benefit of meritorious and needy students, the College provides a number of Scholarships and Freeships. Over the years, the College has built up an impressive infrastructure which includes a well-stocked Central Library, Department libraries for Science subjects and a Book Bank for needy students. The College has six Computer Labs. and 18 Science laboratories. Its sports facilities include a vast playground, an Indoor Sports Complex, Playrooms and the only Electronic Shooting Range in the University. It also provides on its premises ATM and Banking facilities through a branch of Canara Bank. The College also has a Placement Cell for providing employment opportunities to graduating students through campus recruitments in the best of national and international organizations.

The College has an ultra-modern air-conditioned Auditorium fitted with the latest sound and light systems with a seating capacity of 500, an air-conditioned Seminar Room with a seating capacity of 120 fitted with state of the art sound and projection systems. The College has a hostel accommodating about 200 undergraduate boys and is fitted with solar geysers and 24 hours power backup. As you enter the portals of this institution, the calm, serene atmosphere of a beautiful campus surrounded by lush green lawns and a magnificent heritage building touch your soul.

ABOUT THE PARTNER COLLEGE

Government College, Chamba was established in 1958 as a premium institute of higher education in the district Chamba in Himachal Pradesh. It is affiliated with HP university, Shimla. Since its inception, it has laid many milestones. Accredited B+ by NAAC in September 2016, the college has 4000+ students, with approximately 60% girls. The college caters to the needs of students in the rural and tribal areas by offering diverse courses under the CBCS system like BA, BSc, B.Com, B.Voc, BCA, BBA, PGDCA. It also offers post graduate courses in English, Hindi, History, Economics, and Political Science. Apart from these, the college has collaborated with district administration and IAS Vision Academy, New Delhi to provide online coaching to civil services aspirants. With a vision for comprehensive improvement of both students and administration and adaptation to new challenges, the college has made student feedback, online teaching, online admission process, student societies like space genesis etc an integral part of its ethos.

AIMS AND OBJECTIVES:

- Sharing expertise, knowledge and experience of the faculty members with partner colleges.
- Sharing e-resources, e-books, lectures and other teaching methods with partner colleges
- To upgrade and to strength soft skills and employability skills among students of partner colleges
- To augment the teaching learning process via sharing teaching training tools and pedagogy with faculty of the partner college
- To make the partner college familiar with the equipment and instrumentation that is required to set up science labs and guide them by sharing information regarding procurement of resources.
- To boost extra-curricular and cultural richness among students of both colleges.

AREAS OF COOPERATION

I. Capacity Building of Teaching Faculty: One of the biggest constraints being faced by Government College, Chamba is the paucity of academic resources. We hope to alleviate this problem through our collaboration under the Vidya Vistar Scheme.

- Faculty Development Programmes to train the faculty of the partner college in the areas of teaching methodology, teaching learning pedagogy, academics, administrative work, assessment and assignment design, curriculum development, conduct of examination, maintenance of records such as attendance, student data etc. These programmes can be done via conduct of workshops, seminars, induction programme in collaboration with Mahatma Hansraj Faculty Development Centre
- Subject specific webinars may be organized on topics where faculty needs assistance.
- The faculty at the college can help the teachers of Government College by entering into collaborative joint projects and seek financial assistance from the funding agencies for the same.

II. Capacity Building of Non-Teaching Staff

- Training sessions for non-teaching staff especially lab staff will be conducted where maintenance and operations will be taught.
- Assistance in setting up attendance, evaluation and data platforms for the students.

III. Capacity Building of Students

- Collaborations can also be established in the area of undergraduate student research.
- Students of the partner college may be granted online access to our lectures.
- The links of online resources available with us may be shared with the faculty and students of the partner college.
- Student Learning Centre, Hansraj College regularly conducts “Add-on courses” for students that help to increase their employability and soft skills. Students from partner colleges may be informed about these courses and encouraged to participate.
- Hansraj College routinely organizes interactions with subject experts in the form of seminars and panel discussions, the links to which can be shared with the partner college.

RESOURCE SHARING

- Digital Resources in the form of Books, Lectures, study material will be shared with the faculty and students.
- Students can visit the college and take short term projects and internships with the faculty members.
- Mahatma Hansraj Faculty Development Centre and Student Learning Centre, Hansraj College will provide resources for the benefit of the faculty and students of the partner college, respectively.

ENHANCING STUDENT EXPOSURE IN ACADEMICS, SPORTS AND CULTURAL ACTIVITIES

- The Hansraj College co-curricular societies have been instrumental in grooming students to take up leadership roles, work in groups and manage activities by forming student councils. Hansraj college student societies will work with the students from the Government College, Chamba to help them understand how societies are run, managed and how different activities are organized.
- Collaborations can also be established in the area of undergraduate student research.
- Students of the partner college may be granted online access to our lectures .

- The links of online resources available with us may be shared with the faculty and students of the partner college.
- Co-curricular, co-scholastic and sports activities can be planned both on-line and off-line that includes cultural events, debates, movie making, gaming activities etc.
- Students from partner colleges will be encouraged to participate in the student internship fair.
- Student Learning Centre, Hansraj College regularly conducts "Add-on courses" for students that help to increase their employability and soft skills. Students from partner colleges may be informed about these courses and encouraged to participate.
- Hansraj College routinely organizes interactions with subject experts in the form of seminars and panel discussions, the links to which can be shared with the partner college.

POTENTIAL PARTNERSHIP IN ONGOING/FUTURE PROJECTS

- Hansraj College is part of the UGC Paramarsh scheme, under which it helps its mentee colleges in getting NAAC accreditation and thereby promote quality assurance in higher education. Government college, Chamba is preparing for their second round of NAAC. We can use our expertise acquired under Paramarsh scheme to assist them in this process.
- Societies like Enactus and NSS at Hansraj College have established very effective social projects. They can collaborate with government college Chamba to establish similar projects in their local area.

FINANCIAL AID AND OTHER AVAILABLE RESOURCES

- Mahatma Hansraj Faculty Development Centre
- Student Learning Centre, Hansraj College
- Faculty Resources
- Tap our alumni base for generating financial resources for the partner college. This could include giving scholarships to deserving students or funding research projects of the faculty.
- More avenues of generating financial resources for this scheme will be explored.

EXPECTED OUTCOME OF THE SCHEME

The Vidya Vistaar Scheme has been envisaged as a solution to the highly skewed distribution of academic resources in our diverse country. Chamba, is located in one of the remote parts of India contributing to high rates of attrition of academic staff . At any given time the teacher student ratio is

extremely low which then adversely affects the delivery of the teaching learning process. This partnership will aim at addressing this problem by complementing their academic resources with our teaching resources through the online mode. The experience of our faculty will help them by sharing knowledge, resources and pedagogy. This association between Hansraj College and Government college, Chamba is expected to reduce the gap between the academic and teaching standards of two institutions through collaborative efforts. Another significant expected outcomes of the partnership will be to augment the skill base of the students thereby enhancing their employability. Hansraj faculty and students will also get an opportunity to contribute in institution building in a far flung area.
