CRITERION 6

Date: Oct. 22, 2024

Ph.D. Profile of Faculty Members

This is to certify that the following faculty members of Government College Chamba possess the degree of Doctor of Philosophy (Ph.D.) in their respective subjects

1. Dr. Manesh Kumar (Zoology)
2. Dr. Poonam Sabrwal (Botany)
3. Dr. Chaman Singh (Computer Science)
4. Dr. Pawan Kumar (Education)
5. Dr. Virender (Commerce)
6. Dr. Shelly (Commerce)
7. Dr. Vijay Kumar (Commerce)
8. Dr. Gaurav (Music)
9. Dr. Prashant Raman Ravi (Hindi)
10. Dr. Jaishree (English)
11. Dr. Santosh Kumar (Hindi)
12. Dr. Suneel Kumar (Chemistry)
13. Dr. Shivani Thakur (Geography)

This certificate is issued for official and academic purposes.

Research

Abstract

Background: The Kalatop-Khajjiar Wildlife Sanctuary in the Western Himalayas is home to rich biodiversity and indigenous communities with deep-rooted ethnomedicinal traditions. These communities have relied on local flora for generations to treat common ailments using sustainable, plant-based healthcare practices. However, rapid socio-cultural changes and habitat pressures threaten the continuity of this traditional knowledge. Ethnobotanical documentation of such practices is crucial for conservation, cultural preservation, and potential pharmacological exploration. This study seeks to explore, record, and revitalize plant-based healing traditions within this ecologically and culturally significant landscape.

Methods: Twelve field surveys were conducted in the 11 villages in and around Kalatop-Khajjiar Wildlife Sanctuary. A total of 140 informants (74 males and 66 females) between the ages of 21-80 years were interviewed using semi-structured questionnaires. The collected ethnomedicinal data was analyzed using the use-value (RFC) and informant consensus factor (ICF).

Results: The present study reported 114 medicinal plants to treat 60 ailments. The results indicated herbs (75%) as the dominantly used growth form and leaves (40.1%) as the most frequently used plant parts. The herbal preparations were consumed mostly in paste form (33.3%) followed by decoction (27.1%), powder (12.2%), juice (6.9%), eaten raw (5.6%), poultice and infusion (4.9% each), cooked (2.1%), rubbed and oil (1.4%) and smoke (0.7%). *Acorus calamus* L. and *Viola canescens* Wall, were among the most highly cited plant species. Informant Consensus Factor (ICF = 0.90) was highest for parasitic conditions, followed by urological problems (ICF= 0.87), respiratory diseases (ICF= 0.86), digestive disorders (ICF= 0.85) and eye diseases (ICF= 0.85). New uses were reported for several plant species such as *Adiantum venustum* D. Don (Hair fall, Piles), *Arisaema jacquemontii* Blume (Knee Pain), *Artemisia indica* L. (Jaundice, Headache), *Berberis lycium* Royle (Kidney stones, Sore throat), *Neolitsea pallens* (D. Don) Momiy. & H. Hara. (Body ache).

Conclusions: This study provides valuable information regarding the traditional knowledge associated with the medicinal use of plant species. While the medicinal efficacy of several widely utilized plant species such as *Acorus calamus*, *Artemisia*

DIVERSITY OF CORTICIOID FUNGI BELONGING TO ORDER AGARICALES IN DISTRICT CHAMBA OF HIMACHAL PRADESH

Poonam Sabrwal

Abstract

The aim of the present chapter is to describe and illustrate 7 taxa belonging to 6 genera (*Ceraceomyces*, *Chondrostereum*, *Cylindrobasidium*, *Cristinia*, *Granulobasidium*, *Radulomyces*) under 5 families (*Amylocorticeaceae*, *Cyphellaceae*, *Physalacriaceae*, *Pterulaceae* and *Stephanosporaceae*) of order *Agaricales* based on the specimens collected from various localities of Chamba district (Himachal Pradesh). Of the taxa recorded, *Radulomyces confluens* (Fr.) M.P. Christ., *Radulomyces rickii* (Bres.) M.P. Christ. and *Ceraceomyces sublaevis* var. *grandisporus* Dhingra & Avneet P. Singh are the new additions to the fungal diversity from Chamba district of Himachal Pradesh.

Keyword: *Diversity, Corticoid Fungi, Agaricales, Himanchal Pradesh.*

ROLE OF NON TIMBER FOREST PRODUCTS IN HEALTH AND NUTRITION: A STUDY OF WILD EDIBLE PLANTS IN CHAMBA VALLEY OF NORTH WESTERN HIMALAYAS

Abstract

Non timber forest products (NTFP) are the products that are produced in forests other than timber. NTFP includes wild fruits and vegetables, mushrooms, wild meat, edible insects, honey, medicinal plants etc. Wild edible plants (WEPs) are among the most commonly used NTFPs. Man has been traditionally using forest resources to fulfil his daily needs. WEPs have played an important role in health and nutrition since ages. The inhabitants of Chamba have been using WEPs as dietary supplements for hundreds of years. Even after the development of modern system, people particularly of lower income from rural background still depends on WEPs due to high cost of vegetables and fruits and easy availability of WEPs in their vicinity. This traditional knowledge is in danger because the transmission of information between the older and younger generation no longer exists. Therefore, sincere efforts should be made by all to preserve this knowledge. Additionally, it will assist locals in generating income. An ethnobotanical survey of wild edible plants was carried out in various regions of Chamba valley of North Western Himalayas. The data was collected through interviews and face-to-face individual discussions. A total of 30 species belonging to 27 genera and 19 families are listed in this paper. The objective of this study is to access the richness of wild edible plants used by the local people of Chamba valley of North Western Himalayas

DISTRIBUTIONAL RECORDS OF FAMILY *TUBULICRINACEAE* FROM DISTRICT CHAMBA OF HIMACHAL PRADESH

Abstract

The purpose of the present chapter is to illustrate 10 taxa (*Hyphodontia alutaria*, *H. arguta*, *H. pallidula*, *H. rimosissima*, *H. sambuci*, *Tubulicrinis chaetophorus*, *T. orientalis*, *T. strangulates*, *Xylodon asper* and *X. spathulata*) belonging to 3 genera (*Hyphodontia*, *Tubulicrinis* and *Xylodon*) of family *Tubulicrinaceae* based on samples gathered from several areas in the Chamba district of Himachal Pradesh (HP). Out of the taxa described *Hyphodontia rimosissima* is the new addition to mycofloristic diversity from district Chamba of HP.

Keywords: *Basidiomycota*, *Tubulicrinaceae*, Western Himalayas, Corticioid Fungi

Abstract: The present chapter deals with 9 taxa of *Hymenochaete* belonging to family *Hymenochaetacea* based on the specimens collected from various localities of Chamba district (Himachal Pradesh). This chapter describes *Hymenochaete cruenta*, *H. fuliginosa*, *H. leonine*, *H. macrospora*, *H. minuscule*, *H. rheicolor*, *H. rubiginosa*, *H. semistupposa* and *H. tabacina*. Of the taxa recorded, *Hymenochaete macrospora* and *H. tabacina* are new addition to the fungal diversity from Chamba district of Himachal Pradesh.

Keywords: *Agaricomycetes*, *Basidiomycota*, Corticioid Fungi, *Hymenochaete*, Western Himalayas.

Dear Prof. Avinash

I would like to extend my sincere appreciation for the remarkable and commendable services rendered by you during the recent Lok Sabha and Vidhan Sabha Elections, the celebration of National Voters' Day, and the SVEEP activities conducted in District Chamba.

As per the directions of the Election Commission of India (ECI), various Nodal Officers were appointed to ensure the smooth conduct of elections and the achievement of the desired objectives. You were appointed as the Nodal Officer for Training during the elections and for SVEEP activities in the district during both election and non-election periods. The responsibilities entrusted to you were carried out with the great professionalism, which significantly contributed to the successful Conduct of Elections and the effective implementation of SVEEP activities.

I take this opportunity to sincerely express my gratitude for the valuable contribution made by you and the team under your leadership. Your performance has been impressive and innovative, demonstrating diligence and a true spirit of yeoman's service.

Once again, I congratulate you for being an integral part of the election process and for supporting the Election Department and the Chamba Administration in ensuring the smooth and successful conduct of various election-related activities in the district.

Sincerely yours,

District Election Officer (DC),
Chamba Distt. Chamba.
