About the conference

As India envisions a fully developed status by 2047, marking a century of independence, it becomes imperative to align economic progress with the deep-rooted values of its civilizational wisdom. This conference titled, Revisiting Vikshit Bharat @2047: Integration of Inclusive Growth with the Wisdom of Ancient India explores the concept of Vikshit Bharat@2047 (Developed India) through the lens of inclusive growth- ensuring that the benefits of development reach all sections of society- and the timeless philosophies embedded in ancient Indian texts, traditions, and governance models. Drawing upon sources of the philosophies, of the greatest Indian scriptures like Rigveda, Puranas. Upnishdas and Arthshashtra, the concept of Dharma, and community-centric systems like Grama Sabhas, this conference seeks to deliberate on how ancient India emphasized equitable resource distribution, environmental sustainability, and holistic well-being. By juxtaposing these values with modern frameworks of global trade and commerce, digital innovation, social equity, and sustainable development goals (SDGs), the conference proposes an integrative model for inclusive growth where the dream of Savka Saath- Savka Vikas could be brought to realities. The Key areas of the conference include: transforming commerce, inclusive economy, affordable health for all, knowledge system of Indian ancient scriptures, ethical economics influenced by Swadeshi thought; environmental stewardship through Prakriti-centered living; and participatory democracy rooted in Lokniti and visionary promotion of science and technology for inclusive growth.The conference also explores how ancient Indian insights can guide contemporary policymaking, empowering marginalized communities and fostering spiritual as well as material prosperity. In short, this conference asserts that realizing Vikshit Bharat @2047 demands not only technological and economic advancements but also a revival of the inclusive, ethical, and sustainable wisdom that once made India a beacon of civilization.

ABOUT GOVERNMENT PG COLLEGE CHAMBA

Government Degree College Chamba, established on 15th May 1958, is a premier institution located in the picturesque and culturally rich Chamba town. Initially set up in the historic Akhand Chandi Palace, the college presently functions from two campuses - the first campus in the heart of Chamba town and the second campus at Sultanpur. The first campus of the college is situated in historical Chamba town, which is on the right bank of rippling ancient Iravati River (presently Ravi). In the year 2015, after 57 glorious years of service to the society from the first campus, the second campus of the college was established at Sultanpur which is about four (4) km from the first campus. At present, the second campus is functioning as main administrative unit and it is the campus for regular graduation and post graduation programs. Both the campuses are equipped with the all modern's facilities.

The college is affiliated with Himachal Pradesh University, Shimla, and is recognized under Sections 2(f) and 12(B) of the UGC Act, 1956. It was re-accredited with a Grade "B++" by NAAC in 2022 and is fully financed by the Government of Himachal Pradesh. The college currently offers undergraduate programs in B.A., B.Sc., and B.Com, and postgraduate programs in M.A. (English, History, Political Science, Hindi, Economics) and M.Com. In addition to these traditional courses, the college also runs professional programs such as BBA, BCA, PGDCA, MCA, and MBA under the self-financing scheme. Furthermore, the college offers vocational courses B.Voc. in Hospitality and Tourism and B.Voc. in Retail Management, aimed at enhancing skill-based learning and employability. With a vibrant academic environment, the college has dedicated faculty strength of 65 members and caters to the educational needs of more than 4,000 students, making it one of the largest and most dynamic institutions in the region.
